SPRING 2024

Position: Landscaper - Small Jobs and Softscape Specialist

Job Description:

Join our team of 30 dedicated, low-key and passionate industry professionals of all genders and ages. We support and encourage women and men to grow and sustain careers across the horticulture industry.

Overview: Embark on a fulfilling career as a hands-on Landscaper at ORL, leading small-scale projects and softscape works in collaboration with the garden care team. Bring your passion for landscaping to life, shaping outdoor spaces and contributing to the overall beauty of ORL-managed landscapes. This dynamic role also includes machine and truck use, client consultations, quoting, and active involvement in garden maintenance tasks.

Remuneration: Join ORL with a competitive salary package for the ideal candidate, who will earn approximately \$65,000 annually, plus superannuation. You will be paid \$33 per hour (+ or - experience dependent) and we expect you to work approximately 8 hours a day full-time. You can have flexibility over how many hours you work, ranging from 36-40 per week. We will consider a 9-day-a-fortnight position.

Vehicle: A dedicated work vehicle is set up for this role. The vehicle is housed in the yard and is a shared resource with other trucks and machines used within the role/work.

Main Role:

- **Project Management:**
 - Lead and manage small landscaping projects, ensuring timely and efficient completion.
 - Utilize machinery and trucks as needed for project execution.
- **Softscape Works:**
 - Execute softscape works, including planting, mulching, and garden renovations.
 - Collaborate with the horticulture team to select and install plant materials.
- **Client Interaction:**
 - Engage with clients to understand their landscaping preferences and requirements.
 - Provide recommendations and expert advice on softscape enhancements.
 - Conducted on-site consultations and provided accurate project quotes.
- **Nursery Coordination:**
 - Work closely with the horticulturists to source and manage plant materials from the dedicated nursery space.
- **Aftercare Services:**
 - Assist the garden care team with aftercare services for newly landscaped areas.
- **Landscape Design Support:**
 - Provide on-site support for landscape designers, ensuring the accurate implementation of design plans.
- **Maintenance and Improvement:**
 - Collaborate with the garden care team on garden maintenance tasks, including pruning, weeding, and general upkeep.
 - Utilize machinery and trucks for efficient execution of maintenance works.

- **Machine and Truck Use:**
 - Operate machinery and trucks as necessary for landscaping projects and garden maintenance.
- **Irrigation:**
 - Undertake irrigation work on softscape projects and assist with irrigation installations on larger projects or garden care sites.

Requirements:

- Proven experience in landscaping, focusing on small-scale projects and softscape works.
- Strong project management skills.
- Ability to collaborate effectively with cross-functional teams.
- Knowledge of plant materials and softscape design principles.
- Excellent communication and client interaction skills.
- Basic irrigation knowledge to solve common issues.
- Truck and Machine experience.
- Leadership of other team members.
- Ability to join an exciting team and be led by others as needed.
